Our prices include all current taxes and surcharges.

The small print

Please ask for a quotation for any of the resorts we offer. Each holiday is individually planned and priced.

See our brochure for more details. We offer a wider choice of accommodation in the Dutch Caribbean than any other company.

DDD offers are available all year - at all the resorts we offer - subject to availability of flights and accommodation.

Prices above are for a small selection of the resorts we offer - based on low season prices - April to December 15th.

NB air fare peak season is 20th June to 8th August 2009 - travel in this period will reflect the higher fare.

Other prices remain the same and DDD packages are still available. DDD packages can be revised to include meals etc.

Please note - many resorts and travel company website prices do NOT include taxes, fuel surcharges etc. Our prices include taxes.

**We are confident we can beat any "like for like" quote
- just give us the chance - put us to the test !**

***Our prices are
the best available.***
